

CVI Cardiovascular Educational Dinner Series

Electrophysiology/Arrhythmia Management

Please Join **CVI** for a **FREE** Educational Program "Traditional and Emerging Techniques for Cardiac Resynchronization"

Directors

Scott Hessen, MD
Charles Gottlieb, MD
Colin Movsowitz, MD
Matthew Goldstein, MD
Reginald Ho, MD
Steven Rothman, MD
Robert Schaller, DO
Erica Zado, PA-C
Edmond Cronin, MD

Robert Schaller, DO

Assistant Professor of Clinical Medicine
Perelman School of Medicine at the
University of Pennsylvania

Steven Rothman, MD

Clinical Associate Professor
Campus Chief, Division of CV Diseases
Lankenau Heart Institute

Thursday, September 22, 2022

The Loews Philadelphia Hotel
1200 Market Street - 33rd Floor
6:00pm Reception
6:45 Program and Dinner

Cardiac resynchronization has become a foundational therapy for many patients with heart failure. While traditional techniques have proven effective, emerging methods are rapidly evolving and aim to offer additional options and potentially increase effectiveness. It is paramount for the practicing cardiovascular provider to not only know about the different forms of CRT, but also to recognize each one and manage patients accordingly.

You **MUST** RSVP to attend.

No CME/CEU Credits

Limited Seating is Available.

To Register Please Visit Us Online at www.cviphiladelphia.org

**Registrants are required to upload proof of vaccination with registration.*

**If you become exposed to or are exhibiting symptoms of the COVID 19 virus within 6 days of our program, we ask you to contact us to cancel your registration.*

**Although not required, guests are welcomed to wear masks when not actively eating, drinking or speaking from the podium.*
